

OPERATION WASHINGTON DC

It has been brought to my attention that several of our comrades have either not been to Washington DC to visit the monuments or it has been several years. So at this time, I would like to open registration to all our members. The tentative plan at this point is to do this in early October and make it a two day trip. We will be renting a bus and staying overnight. The cost per person will be posted at a later date once we see the number of people that are interested. There will be a sign-up sheet posted in the lobby of the Post. Sign up early if you are interested.

Scott H. Heunefeld
Post Commander
